

Dear Gemma

A great big thank you for helping even more children here at Great Ormond Street Hospital to get better and get home.

By responding to our Great Ormond Street Children's Hospital TV Appeal, and agreeing to make a monthly gift, your support will help us do everything in our power for all of the children who pass through our doors each year.

Your contribution will help children in the following ways:

- Enable us to buy more technical equipment, both medical and surgical, to give the best possible treatment to every child.
- Support us in continuing our pioneering research to find cures for childhood diseases, helping more sick children make a full recovery and sparing children in the future from suffering such illnesses at all.
- Help us provide special accommodation for families. Some of our young patients have to undergo painful treatments, or the trauma of major surgery. It means so much to a child when the person who comforts them most can stay close to their side.
- Assist us with the on-going rebuilding and refurbishment of the hospital, creating 21st century medical care.

These examples are only some of the many urgent challenges facing the hospital and your regular gift will make a huge difference to the children. Your money will be spent effectively in enabling us to give desperately ill children the extra care they need.

Thank you once again for your valuable support. As the months go by, you can be sure that children's lives are being constantly touched by your kindness.

Yours sincerely,

Tanya Mitchell  
Head of Supporter Relations
